- Over 600,000 pre-qualified providers worldwide
- Air and ground ambulance service
- Trained multilingual professionals who can advise and help you quickly in a travel emergency

Insured emergency benefits

Emergency medical evacuation services and return of remains

If medical facilities aren't available locally, the program will provide resources needed to get you and your covered family members to the nearest medical facility for treatment or back home, if medically necessary. If you or a covered family member pass away while traveling, AXA will transport the remains back home and cover the associated costs.

Dispatch of Physician

If the local attending legally qualified physician and AXA cannot adequately assess the member's need for medical evacuation and transportation, AXA will coordinate, provide and dispatch a physician to assist in the assessment. AXA will provide for a benefit up to \$2,500.

Pet Repatriation

If a pet traveling with you is left unattended due to your hospitalization, AXA will coordinate and provide boarding for the pet. If the injury or illness results in an evacuation or repatriation service, AXA will coordinate and provide transportation for the pet to be returned to either home, or to a boarding facility near home. AXA will provide for a benefit up to \$2,500.

Worldwide virtual medical consultations⁴
