Wellness Centers

Shared health clinics will be open to Platte County School District employees, retirees, and their dependents. Medical Staff include Nurse Practitioners focused on prevention and urgent care needs. While this is not a substitute for a primary care physician, it will provide an affordable option for our staff to receive basic health care. Employees, dependents and district retirees are eligible to take advantage of these services with copayment based on their insurance coverage.

Who is eligible for treatment at the CWC?

Any employee of our member districts (Blue Springs, Grain Valley, Smithville, Fort Osage, or Platte County), along with their spouse and dependent children are welcome regardless of their insurance coverage.

At what age are dependents seen?

Our Family Nurse Practitioner may start seeing your child at age 6 months.

Can I still take advantage of the CWC if I don't carry the district's insurance?

Yes, as an employee, you are eligible to take advantage of all the CWC benefits such as flu shots, sports physicals, sick visits, wellness coaching and more!

How much does it cost and do I pay while I'm there?

Depending on your eligibility, there may be no charge for the visit but never more than \$40 for your treatment. We accept cash, check or credit card. Your H.S.A. debit card is welcome also.

What should I expect when I arrive?

If it's your first visit to the CWC, there will be some registration to be completed. But once you're in the CWC system, your wait time will be minimal.

Can I speed up the registration process?

Yes, and we encourage you to do so. Click [HERE](#) for the documents you will be required to complete. Please download and complete the forms. Then, either bring the completed forms with you or fax to: 1-855-618-2465.

If I need a prescription, how will that be handled?

We can send your prescription to the pharmacy of your choice.

If you have any other questions, please don't hesitate to call the CWC at (816) 874-3379.
